

## **National Vector Borne Disease Control Programme (NVBDCP)**

**(Erstwhile Malaria Department)**

1<sup>st</sup> Floor Aarogya Bhavan, Opp.S.T.Stand Geeta Mandir, Ahmedabad - 380022

**Telephone -9726416132**

**(2022-23)**

### **Pro Active Discloser under the Right To Information (RTI) Act - 2005**

#### **1. Particulars of organization / duties and functions:**

- A. **National Programme Coordinator:** National Vector Borne Disease Control Programme (NVBDCP), 22- Sham Nath Marg, Delhi- 110 054 under the Directorate general of Health Services, Ministry of health & Family Welfare, Government of India
- B. **State Programme Officer:** Jt. Director (NVBDCP), Commissionerate of Health Services & Medical Education, Dr. Jivraj Mehta Bhavan, Block No. 5, Gandhinagar (Telephone - 23253293, Fax -23253295).
- C. **Duties and Functions:**
- a. Planning , implementation and monitoring the Urban Vector Borne Disease Control Programme considering the topography, demography, disease prevalence pattern , seasonality , available resources & infrastructure.
  - b. Providing preventive and curative services for the vector borne diseases i.e. malaria, dengue, filaria, plague, chikungunya etc. following the operational guidelines / directives of the Programme Managers.
  - c. Anti-larval & Anti-adult control measures for control of the vector species i.e. by judiciously applying either or in combination of chemical, biological, engineering, environmental manipulation & management methods.
  - d. Propagation of community awareness, education and their participation for the containment of the vector and diseases.
  - e. Fortnightly active domiciliary services for malaria fever surveillance in the slums of the city.
  - f. Passive diagnostic and curative centers, where free malaria parasitological diagnostic services are provided and presumptive/radical treatment are given (RCH Urban Health Centers)
  - g. Compilation of the data from various agencies, analysis ,interpretation and reporting to the Programme Managers
  - h. Entomological monitoring of the vector(s) species as per the standard methods.
  - i. Capacity build up of staff, training, seminars, workshop, demonstration etc.
  - j. Preparedness for any outbreaks / epidemics.
  - k. Supporting the operational field level research projects undertaken by the state / national level programme managers, like drug / insecticide trials & efficacy, novel product evaluations, socioeconomic surveys, knowledge and practices evaluations etc.
    - l. Logistics & supplies - planning, procurement, verifications etc.,
    - m. To assist as presiding / presenting / evidence in Industrial Relations Enquiry Cases.

**2. Powers and duties of Officers / Employees :**

Sr.	Designated Post	Pay Grade	Sanctioned posts	Posted posts	Remarks

**a. Malaria Officer and Assistant Entomologist ,Jr. Assistant Entomologist** - Municipal Commissioner , Ahmedabad Municipal Corporation, vide the office orders no. 2566 & 2567 dt. 30.5.1981 under the Section 69(1) of the B.P.M.C. Act 1949 empowered the Assistant Entomologist and Malaria Officer to exercise, perform or discharge the powers, duties or functions conferred under the said Act as under:

1. Powers to sign all bills prepared according to sanction of competent authorities duly obtained and to sent to Chief Accounts Office for payment.
2. Power to certify due receipt of articles of the quality according to specifications as sanctioned by competent authorities while sanctioning the purchases.
3. Power to certify that the articles received have been taken on appropriate registers giving page no. by which they are so taken on the registers concerned.
4. Power to fine the staff other than clerical staff drawing salary up to Rs. 400/- under his control up to Rs. 10/- only.
5. Power of granting earned leave up to four months to the members of the staff except Malaria Supervisors, working under his control.
6. Power of granting earned leave to grade III / IV servants under his control up to four months.
7. Power of granting annual ordinary increments in pay of the servants under his control when the scale of pay of such servants does not exceed Rs. 400/-.
8. Power to grant casual leave for a period not exceeding seven days at a time to the members of the staff.
9. power of sanctioning contingent expenditure up to Rs. 250/- provided there is budget provision (office order no.2571 & 2572 dt 6.7.1981)
10. In partial modification of office order no. 2571 dt 6.7.1981 made under section -69(1) of the G.P.M.C. Act-1949 (hereinafter referred to as the Act) in respect of the deputation of powers and duties to Asst. Entomologist, Municipal Commissioner of the city of Ahmedabad , in exercise of the powers vested in him under sectionv-69(1) of the Act, has amended the power of sanctioning contingent expenditure up to Rs. 1000/- instead of Rs. 250/-. (Legal Department No.03641dt.22 Aug. 2005).

**b. Malaria Supervisors, Malaria Inspectors, Malaria Sub Inspectors :-**

1. Power to grant casual leave for a period not exceeding seven days at a time to the members of the staff.
2. Power to impose a fine up to Rs. 5000/- or collect administrative charges up to Rs. 5000/- from the defaulters , posing threat for public health.

3. Issuing notices and if necessary prosecution of the defaulters under section of B.P.M.C. Act-1949.

**b (i) Malaria Sub Inspector duties :**

1. Planning , implementation and supervision of programme activity at ward level viz., anti-larval, anti-adult activities, coordinating with the Urban Health Center officials for preventive and curative services.
2. To solve public health / sanitation related grievances
3. To report daily, weekly, fortnightly or monthly records as per the requirement of the officials.
4. To maintain expanse/dead stock register
5. To maintain the attendance, casual, kapaat (recovery or absenteeism), bandobust (movement) registers.
6. To assist as presiding / presenting / evidence in Industrial Relations Enquiry Cases.

**b (ii) Malaria Inspector duties :**

1. Planning , implementation and supervision of programme activities, coordinating with the Urban Health Center officials, Malaria Officer and Assistant Entomologist for preventive and curative services.
  2. To solve public health / sanitation related grievances.
  3. To report daily, weekly, fortnightly or monthly records as per the requirement of the officials.
  4. To verify expanse/dead stock registers.
  5. To verify the attendance, casual, kapaat (recovery or absenteeism), bandobust (movement) registers.
  6. To assist as presiding / presenting / evidence in Industrial Relations Enquiry Cases.

**b (iii) Malaria Supervisors duties :**

1. Planning , implementation and supervision of programme activity at zonal level viz., anti-larval, anti-adult activities, coordinating with the Urban Health Center officials, Malaria Officer and Assistant Entomologist for preventive and curative services.
  2. To solve public health / sanitation related grievances
  3. To report zonal level daily, weekly, fortnightly or monthly records as per the requirement of the officials.
  4. To verify expanse/dead stock registers
  5. Logistic supplies - planning, procurement and supply
  6. To verify the attendance, casual, kapaat (recovery or absenteeism), bandobust (movement) registers.
  7. To assist as presiding / presenting / evidence in Industrial Relations Enquiry Cases.

**3. Procedure followed for decision making:**

- a. **Drug policy (anti-parasite):** Anti-malarial presumptive , radical or fever radical treatment dosages and regimen is followed as per the national level guidelines which are revised based on the malaria drug sensitivity, resistant level, high risk areas, slide positivity rate, deaths etc. (Drug scheduled dosage and regimen prescribed for Ahmedabad city is appended as Table-1)
- b. **Insecticide policy (anti-mosquito):** Anti-larval or anti-adult mosquito larvicides or adulticides as prescribed in operational manual for malaria action programme (MAP) 1995 are followed.
  - (i) Chemical control methods - larvicides: Temephos 50 %EC, Fenthion 82.5 % EC. ,Mosquito larvicidal oil (MLO), kerosene, burnt oil is used.
  - (ii) Biological control methods - Larvivorous fishes : *Gambusia affinis* (top - minnow) and *Poecilia reticulata* (guppy) of family Poecillidae are mass reared in lakes and ponds of city and extensively introduced in Sabarmati river, canal, fountains, ornamental tanks, garden tanks, industrial tanks, ditches, drains , pools and water hydrants etc. This method is cost effective, eco-friendly, self perpetuating, natural , no resistance like chemical failure and greater emphasis is given to this control approach.
  - (iii) Biolarvicidal control methods - Two biocides viz., *Bacillus sphaericus* (Bs) and *Bacillus thuringiensis israeliensis* (Bti) are now recommended for use under malaria control. The control method with this larvicide is very target specific killing the mosquito larva only and not affecting the non target species like fishes, frogs, tadpoles, water insects or other organisms. The later one is being successfully used in the city .

**4. Norms set for discharge of functions:**

- (i). **Anti-larval work:** Weekly basis treatment of stagnant water-bodies with MLO, Temephos or Fenthion and fortnightly treatment with Biolarvicides. Larvivoruous fishes introduction is permanent control measure provided free accessibility or movement of fishes is maintained and there are no natural predators or noxious weeds or chemicals.
- (ii). **Anti-adult work:** Any malaria positive case, malarial death case (probable/suspected/ confirmed), dengue case or death, clustering of fever cases, high mosquito prevalence pattern calls for indoor spraying or fogging.

##### **5. Rules/regulations/instructions/manuals/records held :**

- (i). Epidemiological yearly records of malaria prevalence (Blood smears examined, malaria positive cases, Pf cases, slide positivity rate, slide falciparum rate, Pf percent prevalence) since 1961 onwards.
- (ii). Active case detection and passive case detection data of parasitologically confirmed cases month-wise since 1991.
- (iii). Entomological monthly vector density prevalence as per space spray method.

##### **6. Categories of documents held by it:**

Administrative related documents like service books of employees, office orders, stores related tender copies, purchase orders, receipts etc.

##### **7. Arrangements for citizen consultations**

- (i) Any person can redress vector borne diseases concerned grievance at following centers;

Zone	Designated person	Address	Telephone nos.
