List of Heritage Buildings [Residential] RESI Within the Historic City of Ahmadabad

**Extracted from survey of buildings undertaken for
UNESCO World Heritage City Inscription Dossier**

JUNE-2016

**Prepared for
Ahmedabad Municipal Corporation
By
Centre for Conservation Studies, CEPT University, Ahmedabad**

Please Note:

1. For the purpose of GDCR and as per the decision of the expert's committee recommendations of September 2014 the Residential properties have been classified in following 3 Grades as per their significance.

Highest	Grade II-A
High	Grade II-B
Moderate	Grade III

2. The City Survey Maps provided by AMC have been used as base maps to identify and locate the properties. In cases where the survey nos. of the structures are missing from the base maps, the same have been identified using alphabets like – X1, X2...Y1,Y2... and the nearest survey no. is provided for location reference.
3. The information on Land Use and Condition of properties is based on external visual observation only.
4. The Building height indicates the height of the structure as visible from the street and not the maximum height of the structure.
5. In case of subdivision of properties and conjoined open land, the whole property is considered as one item on the list.
6. When the property has been subdivided and modified to a large extent only the portion of the property that fulfils the inventory criteria is considered.
7. [] * indicates an interconnected and interdependent cluster of buildings **OR** a single structure with multiple cadastral parcels (survey nos.) **OR** a single structure with subsequent subdivision in multiple properties, which has been considered as one for listing.
8. ^ indicates a gate structure of the pol OR right of way passage (easement) for other properties.
9. In view of preserving the pol domains all gate ways, rights of way passages (easements) and alleyways shall be considered valuable over and above the inventoried pol or Khadki gates.
10. Any errors relating to survey no. and/or property boundaries stand to be corrected by AMC as required.
